BE YOUR OWN BRAND

Experience shows that the most effective way to promote your product is to market your brand and corporate image. Not only does this develop your company's public presence, but it also encourages your customers to establish ongoing trust in your services and merchandise.

In the pursuit of successful brand and image marketing, companies often spend large amounts of money on high risk, low-exposure advertising campaigns.

Yet, there is a simple, inexpensive and highly effective way to showcase your brand. Displaying your corporate image on promotional products, such as clothing, is a proven and successful marketing option.

RAMO collection delivers the best value for money when it comes to personalized promotional clothing and merchandise. What's more, the RAMO '16/17 Collection has been designed in line with current sporty and fashion trends, so that your brand can be showcased for a contemporary and cutting-edge market.

Whilst other companies offer either inferior products at bargain prices or high quality products but with over inflated costs, RAMO guarantees only the best in quality and service at an economical price.

You have an advertising and promotional budget.
RAMO can meet it.

Our merchandise is top quality and personalized to meet your specific needs. Our service is both professional and efficient. Our prices are not only highly competitive but, most importantly, affordable.

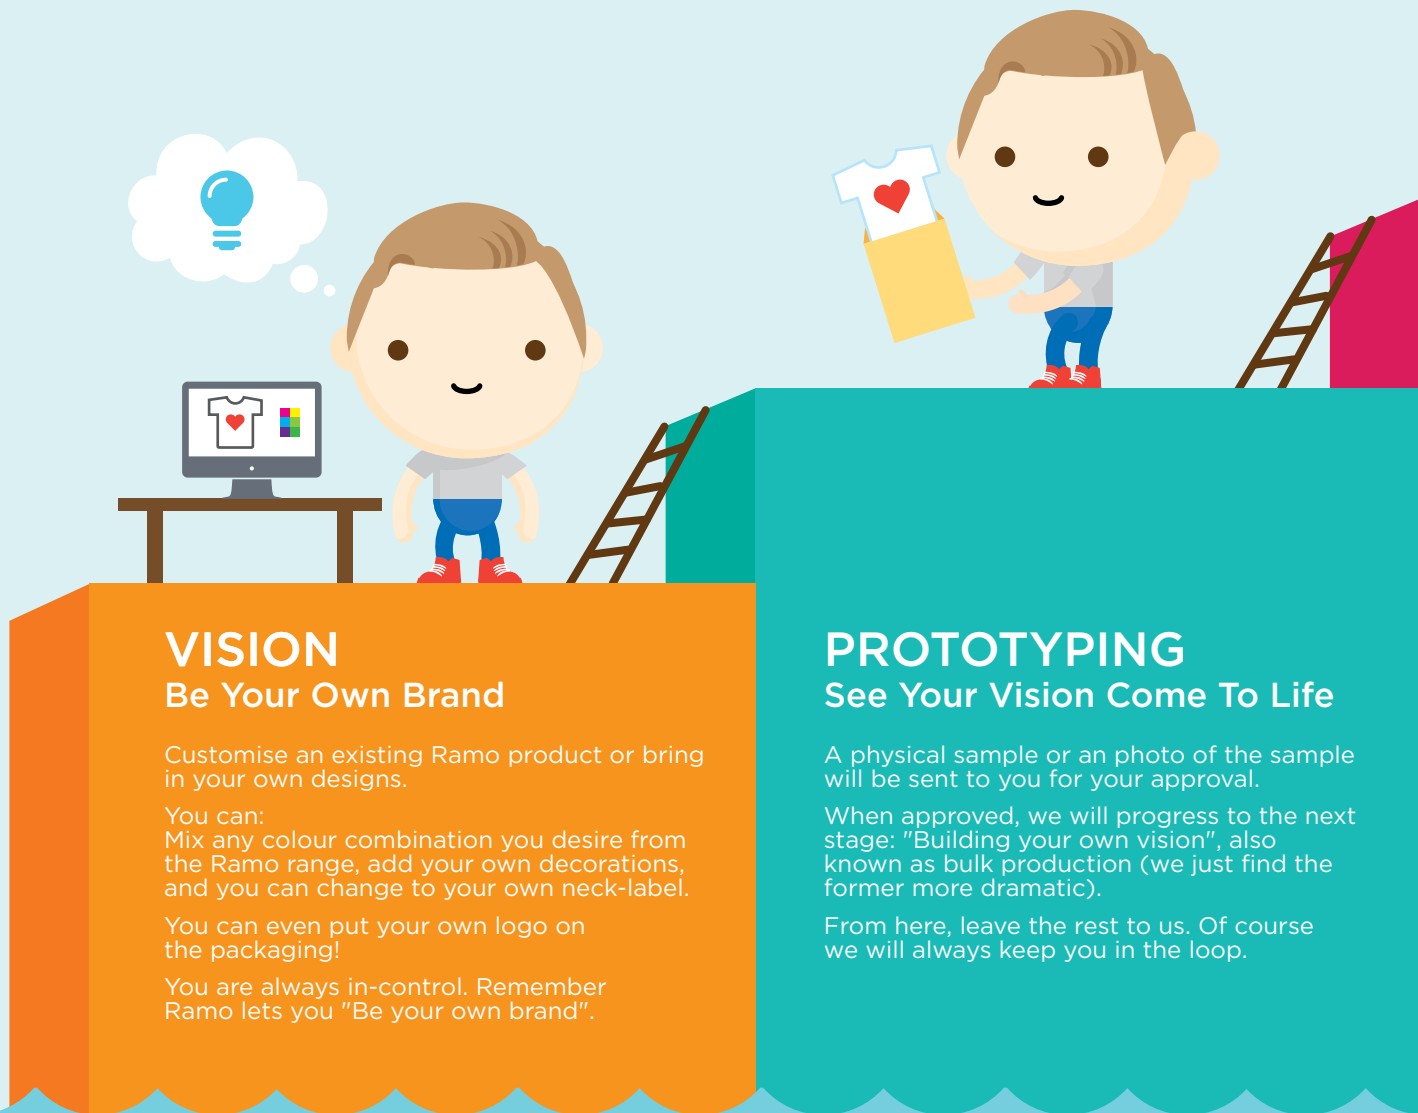

You know the importance of branding.

VISION

Be Your Own Brand

Customise an existing Ramo product or bring in your own designs.

You can:

Mix any colour combination you desire from the Ramo range, add your own decorations, and you can change to your own neck-label.

You can even put your own logo on the packaging!

You are always in-control. Remember Ramo lets you "Be your own brand".

PROTOTYPING

See Your Vision Come To Life

A physical sample or an photo of the sample will be sent to you for your approval.

When approved, we will progress to the next stage: "Building your own vision", also known as bulk production (we just find the former more dramatic).

From here, leave the rest to us. Of course we will always keep you in the loop.

Risks Of Not Going With MyRamo

EXCHANGE RATE RISK

With our MyRamo service, we essentially lock in prices at the early stages and protect you from any downside risks from exchange rates.

LEAD TIME RISK

With more than eighteen years of manufacturing experience, we have developed a procedure system which aims at deliver your customised Ramo product (and much more) on time and on-budget.

SHIP BY SEA

BULK PRODUCTION

Building Your Own Vision

Dying. Cutting. Sewing. Packaging. Shipping.

Definitely not as simple as it sounds, but with twenty years experience, our production team has mastered the process.

Our quality control team will ensure that bulk production will match the physical sample.

SUCCESS

You Have Realised Your Own Vision

Your Vision has transpired into reality!

You have mastered the Ramo Way - "Be(ing) your own brand".

COMMUNICATION RISK

Nothing beats a human touch.

Our MyRamo service ensures that there is only one point of contact for anything related to the order. No need to repeat yourself over and over again.

CUSTOMS AND SHIPPING

You are a designer, an artist and a visionary.

Don't let these smaller details worry you out.

Plus, we receive a number of containers from off-shore weekly, you can be sure we are securing the best shipping rates around.

HIGH MINIMUM ORDER QUANTITY

We design, we manufacturer and we package all our products.

Why re-invent the wheel?

Have the peace of mind to know that we can customise our own products (and much more) better and for less than anybody else.

T-SHIRTS **CHANGE** THE GAME

In an industry that is driven by profit, the boring and cheap have unfortunately become the norm. We believe it's time to **“change the game”**

We believe you should NEVER settle for something too plain, especially when you can go vastly different and utterly unique. We are very proud of our tees.

SINGLET'S **SIMPLY** DIFFERENT

Ramo is one of the few suppliers that offer an exclusive men's and ladies' singlet range.

While many have opted to apply the one size fits all approach, we firmly believe singlets should accentuate the body and not have the body spotlight the singlets (we don't mind, but we generally use manikins for that...).

This is most evident in our ladies activewear department where we offer a diverse range of crop tops, t-backs and light weight singlets. Furthermore, we even supply complementing leggings. It's our way to stay **“fashionably active”** (pun intended).

HOODIES LEADING BY EXAMPLE

For many years, Ramo has been recognised as Australia's top hoodie provider.

We definitely don't take this lightly. Rather than seeing it as an accomplishment, we like to think of this as a responsibility, the responsibility to challenge the market every year and never settle.

We credit our success to three key ingredients.

Our Styles – The market is shaped by various powers and influences, often out of one entity's control. Our philosophy has always been to “ride the market, not fight the market” and it has been successful to this today.

Our weight - The touch and feel is a very important aspect for all our hoodies. The feel to be soft and comfortable, but the weight has to be strong and sturdy. It's often an art and not a science.

Our Range – We like to make hoodies for everyone. Our hoodies range from babies to adults, lightweight to heavy weight, base colour to heather/marl colours, but **we never settle for “one size fits all”**.

JACKETS **MIXING BUSINESS** WITH PLEASURE

Traditionally speaking, the jacket market is known for its conservative and corporate nature.

On the contrary, we believe this lacks vitality and excitement. In all our new jackets this year, we have taken something conservative and added two scoops of personality (we love our ice-cream).

Check out our Tempest Jackets which features the latest tone-to-tone double stitching, it is definitely blurring the lines between business and pleasure.

BABIES PLANTING THE SEEDS

As one of the first suppliers to offer an extensive babies range, we are proud to be say, **“we are pretty good at it now”**.

“Baby proofing” is something we take extra carefully. We use organic cotton on our tees and singlets and we loose the drawstrings on our baby hoodies (safety first and then style).

Let us be the dress code of our future leaders.
