# Why choose Fashion Clubwear?

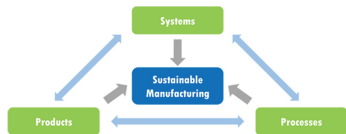

## 1. Australian made garments

No relying on offshore suppliers. Fashion Clubwear manufactures everything in Melbourne and we have our own in house design, manufacturing, cutting, embroidery, screenprinting and sublimation departments. For further information go to [www.fcw.com.au](http://www.fcw.com.au) and watch the video explaining our manufacturing and supply processes.

## 2. Ethically made goods

Fashion Clubwear are registered as an Ethical manufacturer so there is complete transparency in the manufacturing process. All workers are paid as per the award, there is no under age labour. Regular donations of garments are made to the registered charities of The Smith Family and The Avalon Centre. We hold a full Bowls Australia manufacturing license.
