**'BE SMART, DRESS SMARTER'**

PROUDLY ACCREDITED BY ETHICAL CLOTHING AUSTRALIA

# Why choose us...

There are great reasons...

## 1. Australian made garments

No relying on offshore suppliers. Fashion Clubwear manufactures everything in Melbourne as we have our own in-house design, manufacturing, cutting, embroidery, screenprinting and sublimation departments. For further information go to [www.fcw.com.au](http://www.fcw.com.au) and watch the video explaining our manufacturing and supply processes.

## 2. Ethically made garments

Fashion Clubwear is proudly accredited by Ethical Clothing Australia meaning there is complete transparency in our manufacturing process. All workers are paid as per the award and there is no under age labour used so you can have greater peace of mind knowing that you're supporting a local manufacturer that supports its workers.

## 3. Free online ordering

Fashion Clubwear can provide your school with a free online retail shop through which orders and payments can be securely made, making it much easier for you to manage the entire ordering and supply process. When your order is ready we will individually pack each order, with a copy of the student's order confirmation for easy distribution.

## 4. Excellent supply timelines

Fashion Clubwear can supply your order within 6-8 weeks and are happy to discuss any shorter deadlines if required.

## 5. Free design service

Fashion Clubwear will happily assist you to design your commemorative apparel free of charge. We understand how important and unique your commemorative garments are and welcome your design ideas. We also offer a free 'Design Your Own' tool on our website and invite you to try this [www.fcw.com.au/design-your-own/](http://www.fcw.com.au/design-your-own/)

## 6. Personal Service

Here at Fashion Clubwear we pride ourselves on providing our customers with "The Personal Touch". Wherever possible we will happily visit your school to show samples, fabric swatches and answer any questions you may have. Otherwise we can easily send you some samples and fabric swatches via post and communicate via email or phone.

## 7. Sustainable manufacturing

Fashion Clubwear recycles the majority of our fabric waste and wherever possible we use bulk packing as a means of reducing the amount of plastic packaging. All plastic packaging is also made from recycled plastic. Furthermore, our machinery and equipment is geared towards using power in the most efficient manner.

# Embellishment options

Choose wisely...

**FCW**  
FASHION  
CLUBWEAR

1

## Embroidery

A process whereby an embroidery machine is used to create patterns on textiles. Multiple colours and design options. Perfect for fine high quality detail.

2

## Screen printing

A method in which ink is applied directly to the fabric via a screen. For each colour to be printed a separate screen is prepared and the process is repeated. Produces a unique visual work.

3

## Applique

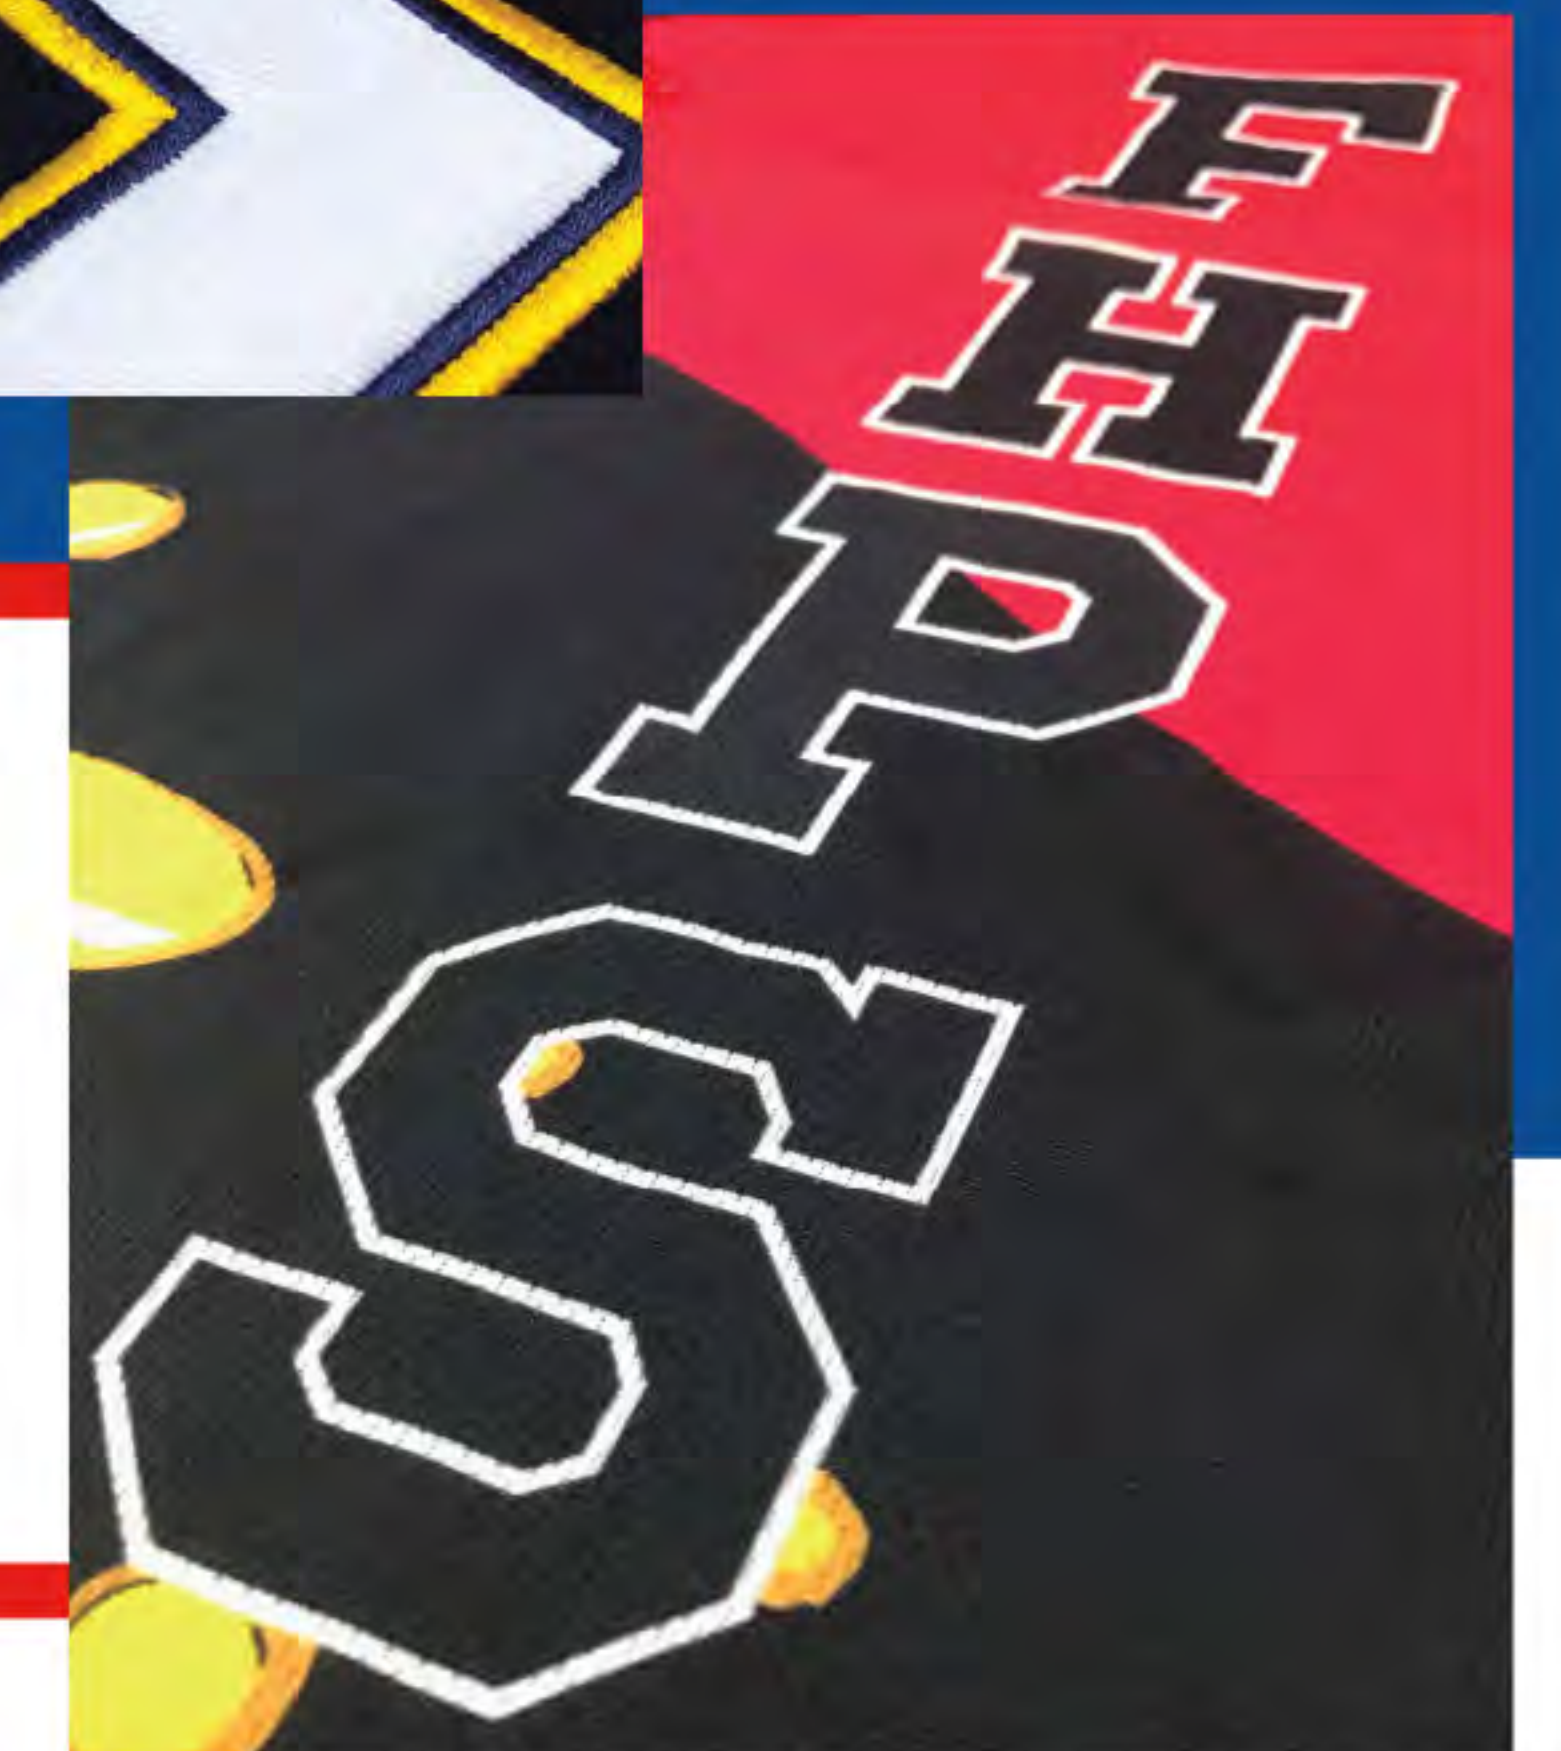

Ornamental needlework done by machine in which a piece of fabric is sewn on to a larger piece to form a picture or pattern. Artwork becomes very outstanding and adds another dimension to the garment especially if contrasting colours are used.

4

## Sublimation

A process by which sublimation dyes are printed onto sublimation paper. Those dyes are then transferred to a garment under the heat and pressure delivered by a commercial heat press. The print is actually a part of the garment/coating and doesn't add any texture or weight to the garment. Endless possibilities...

# How to order

Ordering made easy!

**FCW**  
FASHION  
CLUBWEAR

## Why use online ordering?

- No collation of orders by already busy staff
- No handling of money by already busy staff
- Easy and secure ordering system for students
- Less paperwork / administration required
- NO CHARGE!

## Your 9 Step Online Ordering Plan

1. Select the dates you would like your online shop to 'open' and 'close'.
2. Fashion Clubwear will then create a custom shop specifically for your school.
3. A digital flyer will be created and sent to the school to promote your online shop.
4. A garment size range will be delivered to your school so that students can try them on before ordering.
5. The school can be CC'd in on each order if desired but the coordinator will have access to view the progress of orders in real time.
6. Order summaries will also be sent to your school prior to your online shop closing to assist knowing if there are any students who are yet to order.
7. Once your shop closes, your order is collated and then goes into Production.
8. Upon garment completion each order is packed individually with a copy of their order confirmation form and sent to the school.
9. Students wear their custom made garments with pride.

*There is an opportunity to order via purchase order if online ordering is not viable.*

## *Who we are...*

Fashion Clubwear is a local manufacturer based in Melbourne that started in 1980.

We specialise in custom made garments and love seeing your design turned into reality.

We are also proudly accredited by Ethical Clothing Australia and are passionate about supporting our local industry.
